

## **CAREER AND JOB PLACEMENT SERVICES**

LCAD provides students with the basic skills and education necessary to prepare them for today's complex and changing job market. The College makes every attempt to provide internships to enable students to obtain valuable hands-on experience in the student's area of interest. The Career Services staff actively seeks job and internship opportunities for students, graduates and alumni. In addition, students benefit from the h2 contacts faculty has in industry. To assist students while they are in school, part-time jobs, internships, competitions, community service and other art related opportunities are posted on the LCAD homepage job board in real-time. Please contact Robin Fuld at [rfuld@lcad.edu](mailto:rfuld@lcad.edu) for more information.
