

Dear Students, Faculty, and Staff,

This email is to inform you that beginning Monday, March 21st, LCAD will no longer require the use of face masks for those who are fully vaccinated and boosted (if eligible). The requirement for everyone to wear a face mask while on campus is replaced with the **strong recommendation** that everyone, *regardless of vaccination status*, continue to wear a face mask while in indoor public settings. The College will continue to monitor the situation and revise policies as needed.

Those with an approved exemption are still required to test weekly through our on-campus testing vendor and continue to wear an N95 or KN95 mask at all times when on campus.

As we come back from Spring Break, please take advantage of our **free** on-campus testing service that is provided to all students, faculty, and staff. Testing will take place at the following days, times, and locations and continue to be offered on the same schedule for the remainder of the semester.

- **Mondays** from **9:00 AM – 10:00 AM** in front of the Senior Studios by the Administration Building
- **Thursdays** from **11:00 AM – 12:00 PM** in front of the Senior Studios by the Administration Building

If you develop symptoms, please stay at home and reach out to the COVID Coordinator immediately at COVID@lcad.edu.

Thank you,

--
